

To: All interested future customers,

All States Windows & Siding has been one of the most wonderful Companies I have hired to do my work.

I am a 3-time repeat customer. They put all new tip-in double pane windows on my home. They also installed a new picture window (3 equal sized) with mini-blinds in between which I just love. I was so pleased with their workmanship that I asked them to put vinyl Siding on my garage. That required a lot of work.

All States hires only the best workers. They are accurate, neat, and very friendly. My Salesman was Chris Keeter. He is fair in pricing & makes sure all work is accomplished correctly & in good timing.

This Company is honest. I would recommend them to anyone.

Kathy Benson
